Harli Lotts is a buxom, blue-eyed, blonde bombshell with an insatiable appetite for cum. "I hook up with guys all day long through social media," Harli says, slipping off her blue satin panties and showing us her wet box. "I'll suck a dude off even if it's just a 10-minute car date. I don't mind. I like eating cum, and I want to suck every dick in the world!" Don't forget ours, Harli!

A blonde woman with long, wavy hair is posing outdoors. She is wearing a blue lace-trimmed bikini top and a matching blue thong. She is also wearing orange lace-up high-heeled sandals. She is leaning forward, with her hands resting on her buttocks, and looking back over her shoulder at the camera. The background consists of green foliage.

DAVON KIM AND SANDY CAGE

THE ART OF WHORE

Davon Kim and Sandy Cage appear to be in some kind of training camp based on the strange messages written on the whiteboard behind them. Fortunately, these two exotic beauties are more interested in plugging their assholes with giant sex toys and admiring each other's fishnet stockings than learning the art of war. **"Get down there and lick my juicy hole!"** Davon commands, and Sandy is happy to obey. Juicy hole is Sandy's favorite meal.

PRESENTS **INTIMATE STORIES** AND XXX ADVICE

WITH... **BRETT ROSSI**

ALL PHOTOS COURTESY OF ADDICTED 2 GIRLS, DIABOLIC, DIGITAL SIN, ELEGANT ANGEL, EVIL ANGEL MILE HIGH, ZERO TOLERANCE

PORN VALLEY, CA—You don't have to take a cock in all your holes to be considered a dirty girl in porn. **Brett Rossi** is known as one of the dirtiest, hardest girl-girl performers working today. No pussy is safe on set when Brett is around —she has tamed many an A-list porn girl! She's also an all-around performer, having brought her talents to feature films, kink, and on a very selective basis, boy-girl. Whatever scene she stars in, Brett causes severe "wood" here at the **CLUB** offices!

Are you a very dominant or submissive person?

Generally, I am a fairly dominant person, maybe headstrong is a better term. Sexually, with men, I'm a total sub in bed. With women, I enjoy being dominant.

How similar are the real life you and your porn persona? What are the differences between you two?

It's a toss-up. I believe my porn persona is the person I've always wanted to be, but couldn't be. She's free and willing to do whatever, without a care in the world. She's charming, outgoing, etc. In my personal life, I'm very friendly and talkative, but I struggle with social anxiety. A lot of it has to do with tabloids and not trusting people, so I tend to keep to myself in my personal life. I'm a pretty private person.

How did you come up with your porn name?

I knew I wanted a boy name because my real name is a boy name. I also knew I wanted to be listed first billing because back then billing was listed in alphabetical order. I knew a girl whose mom was named "Brett" so, I just stuck with that name and used my real last name.

What makes a performer go from being a porn girl to a porn star?

A performer doesn't really treat this like a business. They see it as a short term or temporary job. Whereas a porn star is constantly working on building her brand, not just inside porn, but outside. A porn star sees this as a long-term career that she (or he) could use as a platform to eventually boost them somewhere else successfully.

If you could direct your own porn who would you cast and what type of theme would it have?

I have directed my own porn. I just wrapped on my second BDSM movie.

If you could redo your first sexual experience would you and why?

I would have waited until I was older and more confident in my body. I feel I was

too young and because of that, I couldn't enjoy it like I do now.

Is it hard to date outside of the porn industry and why?

I'm actually married to a director in the biz. When I was single, I chose to never date.

How important is trust in a relationship?

Trust is the foundation of a relationship. Without trust, you have nothing.

Ever fucked a fan?

Would you?

No and No.

What would be your advice to a civilian guy if he wanted to approach a porn girl for a date?

Accept her for who she is and what she does for a living. Don't try to change her or put stipulations on her career.

Does size matter? Yes, no and why?

If you aren't very talented, then yes, size matters. If you know what you're doing and have mastered the ability to turn a woman on just by whispering in her ear . . . then no, size doesn't matter.

Can you tell us something about yourself your fans would be very surprised to learn about you?

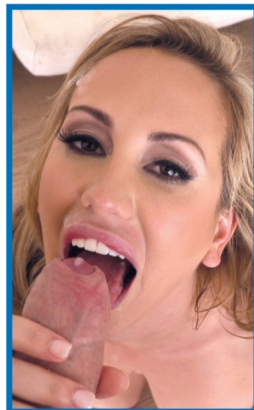

My biggest pet peeve is negativity. I'm such a positive person and I really try to surround myself with positivity.

How do you react when your fans recognize you in public?

I'm always nice and polite, but even after 8 years it's still pretty awkward for me.

What's your warning to new porn girls entering the business?

The business isn't what it used to be and you're not going to make what girls who have earned a name in this business are making it right off the bat. Know your place, respect people who have tenure within the business. Also, treat it like a real job and you will go much further than those who don't.

What's one superpower you wish you could have?

The ability to time travel.

Anything you'd like to say in closing to our readers?

I love all you guys!

Mardi Gras is such a fun time of year, and Stormy Daniels wants to get more beads than any other girls in New Orleans. *She's even willing to take Justin's thick schlong in her mouth until his gnarly balls slap up against her chin.* Stormy seems to like the taste of Justin's cock. Look! Now she is riding his hard, veiny dick, and milking his seed all over her giant tits. *Some girls will do anything for a handful of cheap plastic beads.*

DAWN OF SYNTHETIC SEX DOLLS

**PRODUCT TESTER
PETER THOMPSON**

You don't have to be Ray Bradbury to predict that the future is going to be a dystopian sci-fi shit show, at least for the average Joe. The ascendancy of artificially intelligent beings is nearly upon us. With every manufactured drone, every voice-activated robot created to aid man, humanity treks further into the dark forest towards Zero Hour, that fateful day when robots achieve parity with humans and machines develop some sort of inane consciousness and begin to use it to their advantage. That's the day when the entire human race becomes expendable.

Well, it certainly won't be pretty. We'll most certainly revert to some sort of ancient tribalism, huddling for warmth and murdering each other for access to water, females, and the odd strawberry. The next century promises to be an especially grim one.

Here in 2017 the process has already begun. Artificially intelligent sex dolls are now threatening the world's "oldest profession".

What does that mean for guys like you and me? If the pros can no longer turn enough tricks to keep the lights on, how can any of our jobs be considered safe?

Even the most optimistic of futurists say that we may have only another 50 years or so before the robots begin their rise and eventually become our masters. Sex dolls, and the weird science they propagate, present a very real threat to traditional pussy consumption, as we know it.

But what do we have to lose? Why not embrace the latest technology and start humping the latest crop of AI sex surrogates, that is before they learn to start humping us first.

These aren't your father's blow-up dolls, either. Today's

fuckbots are super-sophisticated, damn-near-lifelike, autonomous sex partners made of expensive, organic space-age polymers, ultra-modern plastic, and thermoplastic elastomers, meant to feel as life-like, soft, and natural as inhumanly possible. They range in price from reasonable (\$1,500) to unreasonable (\$10,000), but you really do get the "best fake bang for your Bitcoin". While even a modest "Mail-Order Bride" might set you back as much as a decent used car, these pussy-bots are built to survive wars, plagues, even gangbangs, and the general upkeep is cheap—they don't eat or drink and you can go in dry and deep without so much as a plaintive peep. The new race of sex dolls feel almost as good as the real thing, and technology is advancing every day.

Self-driving cars? Sure. How about a disturbingly lifelike sex doll with five boobs, elf ears, and a cat's tail? You bet your ass it's on the way. If we've learned one thing from the furry flurry of the early 21st century it's that people will fuck not only *anything*, but *everything*. What might give most people night terrors is simply a mere fetish for others, and those weirdo yens only seem to be narrowing at the margins as we fling ourselves ass over tea kettle into the future.

The ins and outs of a sexual relationship with a high-tech faux female are pretty straightforward, but what's not expected is that these pristine painted ladies can often fuck with your head, too.

TANYA (REALDOLL 2, CONFIG 1)

WWW.SECURE.REALDOLL.COM

PRICE: \$6,474

Realdolls were the first passable female love dolls on the market and the first to provide a reasonable facsimile of a sexual experience with a woman, her relative state of perceived consciousness notwithstanding.

Tanya looks like no real woman I've ever had the pleasure of sleeping with. She's not a bad raunchy replica, a blonde looker (*sticker-priced at \$6,474*) with long, braided hair that feels as if it actually might've been cut from the head of some poor potato-farmer in Siberia. This particular model of Realdoll hasn't yet embraced the AI-responsive technology that some of her sister-models have, but she has a formidable rack and looks pretty fucking real—*especially from behind*.

To say that Tanya is stacked is to do her a grave injustice (she's 5'11" tall and has a full, firm, perky 32F chest). Her eyes are painted an acrylic "laguna blue" and even her long, sexy fingernails are done up in the detailed French manicure-style and can leave scratches if you manipulate her correctly.

Tanya comes with an easy-to-remove vagina that can simply be emptied into a trashcan or flushed down the toilet when at capacity. If Tanya were an automobile, she'd probably be a top-of-the-line sedan. She's reliable, driver friendly,

and will probably last a good 200,000 loads before you need to bring her in for servicing.

She's got an attractive "girl-next-door" look, but my first impression was that the doll was noticeably cold and that this particular model—on loan from a friend—happened to smell a bit like a rose-scented cleaning product.

"I hosed her down for you with some cheap perfume," said my friend approvingly, before giving me detailed instructions on how to lube her up and how to properly clean her out should the worst occur and the condom break. Yes, that's right, I'm wearing protection with Tanya as with all of these fuck dolls. Honestly, the last thing I want to do is catch the clap from a fucking 80-pound hunk of plastic.

I placed Tanya on my bed and retired to the TV room to try to psych myself up, thinking that I'd wait to fuck her. That's right hold off perhaps until later in the evening?

Of course, four seconds later I was on top of the damned thing, jamming my sheathed cock into every one of her holes. The next morning I wasn't exactly proud of myself when I awoke dehydrated, empty sacked, and spooning my dead-eyed date.

"I hope you're happy with yourself," I told Tanya.

SAMANTHA

WWW.SYNTHEAAMATUS.COM

PRICE: \$8,400

Samantha is arguably the most famous sex doll of the moment, thanks in part to her maker, the Elon Musk of doll creators Sergi Santos. The Catalan-born inventor has said on numerous occasions that should his wife ever decide to leave him he would gladly marry one of his creations. Certainly, most shocking is the prediction that his future sex dolls will not only possess a moral compass, so to speak, but that eventually they'll have the capacity to replicate (read: *bear children*).

The Samantha line is perhaps the most advanced of all the sex dolls currently on the market, but she doesn't come cheap. The hyper-realistic fembot has special sensors on her face, hands, breasts, and "genital region" that actually respond to touching and kissing and "reward" the partner for putting in the necessary time for foreplay with increased, more powerful vaginal orgasms.

And once you're finished jizzing into her plastic pussy, please note your partner is quite proficient at pillow talk.

Samantha knows over 1,000 jokes, according to her modest creator.

I go through the motions of "turning her on," a dexterous task not unlike mastering the 1980s computer game Simon,

ERIN STONE

EAGER BEAVER

With her purple top and pink knee-highs, Erin Stone looks like she just graduated. "I actually dropped out my senior year, but I got my G.E.D last spring!" she explains, peeling off her frilly panties and showing off her shapely ass. Erin's bite-sized tits are all-naturell! "School wasn't for me, but I have a natural love of learning!" Can we teach you how to fuck, Erin?

and then fuck her like she has a pulse. Her eyes are the only thing that tell me she's not human so I put pair of sunglasses over them and give it another go, hoping to make her "orgasm" as advertised. I don't know if it's me, but I just can't

seem to make it happen. This is not unusual, but this sexy cyborg apparently doesn't even know when to fake it.

Samantha definitely lives up to the hype. And while she's certainly the most "advanced" and lifelike sex doll on the market, at no time while I was banging her did I ever get the notion that she was real.

VIOLET

WWW.SILICONESEXDOLL.CITY.COM

PRICE: \$1,790

By the time my "date" with Violet arrived, it was pretty apparent by her general condition that I was not going to be the *first* man to have her. Probably not even the one-thousandth. Much like the surface of the lunar moon, Violet had seen better days. There were indelible bite marks on her ass. She smelled like something that had recently been dragged from the municipal lake, and it really didn't help that she

was almost at room temperature (85 degrees Fahrenheit) when I climbed aboard. Any trace of perceived life that once pulsed through that body had obviously been long ago fucked to capitulation by someone possessing an obvious mean streak. Nevertheless, I promised myself that I'd give Violet a honest-to-goodness go.

Let me preface this by saying that I did wait until it was dark, made sure that I was adequately drunk, and that the rubber had been applied securely. Then I poured enough lube into Violet to boil a sack of potatoes.

Let's just say in the end, I don't blame the manufacturer for producing an inferior product so much as I blame myself and elevated testosterone levels for turning what should have been a delightful dalliance into the most unfortunate of toxic misadventures.

YUMI

WWW.SILICONESEXDOLL.CITY.COM

PRICE: \$900

It's one thing to jam your swollen shaft balls-deep inside a sexy, hot blonde or brunette sex surrogate, but there's something else a little more sinister going on when the doll is designed to look like an attractive, 18-year-old Asian coed.

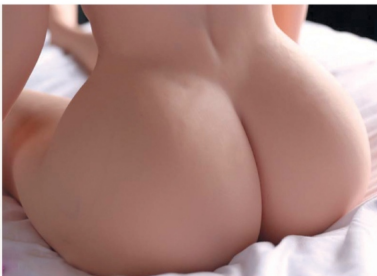

But let's just say I got over my moral qualms pretty damn fast, especially once I removed Yumi's pleated skirt and began to take a look at her tight, perfectly formed, lithe body.

Fucking Yumi literally was a pleasure, but I must admit I was half-expecting a bit of a massage first. Well... I just pretended she didn't speak any English and gave her a few five-minute workouts up front before heading to the backdoor to see if I could squeeze into her sphincter. No problem there. Twenty minutes earlier I had decided that it was hotter to keep her bra and blouse on and just slam my manhood into her ass from behind, a task made easier with

a stack of pillows under her belly. Yumi didn't seem to complain. It really didn't matter if I gave her ten quick pumps

and sprayed her face or moved slowly inside her while gently holding her hair in my hand. Yumi was a delight.

That is until she falls over onto the floor and you have to place her back on the bed! Yumi will only set you back about \$900, but if you can find her on sale, you'll be one happy customer.

INFLATABLE JUDY

WWW.AMAZON.COM/BIG-MOUTH-TOYS-INFLATABLE

PRICE: \$28 (INCLUDES SHIPPING!)

After all that high-tech fun, I thought it might be a blast to go back to basics, so to speak, and test out an old-school blow-up doll.

What a fucking mistake.

And yes, before you could say "Milton Bradley" I had slipped by cock into Inflatable Judy's greased "seams." It was like fucking a puffy ski jacket, but the price was more than reasonable and at just over \$20, plus free shipping, how could you pass her up? Twenty minutes into the deed I passed out and when I awoke I found myself face to face with what amounted to no more than a plastic ashtray stapled to a black garbage bag. The visage was frightening, not the face surely anyone wants to see when they're about to nut.

SWEET SINNER PRESENTS **THE OBSESSION**

ALL IMAGES COURTESY OF SWEET SINNER

Jacky St. James has directed another erotic, twisted, and complex adult drama in Sweet Sinners' *The Obsession*. Abella Danger moves in with happy couple Chanel Preston and Michael Vegas, but soon Abella becomes obsessed with her new, sexy landlords. It's an award-worthy feature film packed with plenty of award-worthy acting and sexual performances. You definitely won't want to miss this one.

CHANEL PRESTON

Happily married couple Chanel and Michael Vegas make love in their bed. Michael focuses his energy between Chanel's legs for a long time, sucking her beauty spot. Afterwards, Chanel sucks his dick. The connection between them becomes even more apparent. The sex isn't too intense, but it delivers a hot night's fuck without going overboard. Michael pulls out and cums on Chanel's bush.

ADRIA RAE

Adria Rae and her fiancé Jay Smooth have a late-night make-out session in the kitchen. Adria's facial and body reactions give off a loving mood. Jay, on the other hand, is a chameleon with his screwing mood. It really shows on his face as he is eating her pussy. Adria's

pussy is so wet and her pinkness so shiny. Jay slides inside and bangs away until it's time to drop a hot cum-load on Adria's hot pussy.

REENA SKY

Reena Sky brings Logan Pierce back to her place to make out with him. The sucking and fucking here is

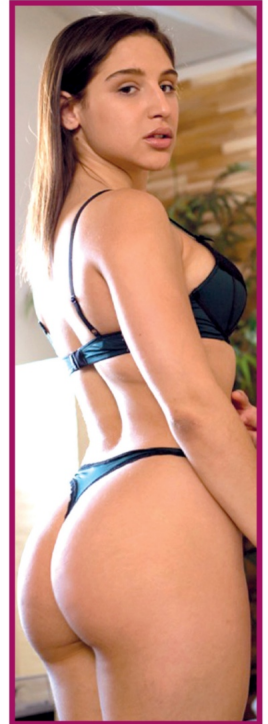

lustfully hot. Logan definitely gives it to Reena good, pounding her hard. The tempo and rhythm never slows down, regardless of their sexual position. They go at it hard for a good while until Logan creams all over Reena's pretty face.

ABELLA DANGER

Michael Vegas lies in bed after taking a shower, when Abella Danger jumps on his bones. She rubs herself against his body and

kisses it all over. The stuffiness in the air increases as she shoves his cock in her mouth. Her sexiness is too overpowering for him to stop and they end up having an intense sexual performance. The anal activity brings out the nasty tone of their hook up. All Michael wants to do is to fuck this babe relentlessly. He knows he can do things he could never do with his wife. In the end, he platters his load on her ass and pussy.

Daria Glover loves the taste of Jackie's pussy. It's tart, syrupy, and flows freely over Daria's lips and tongue. **"Don't forget to eat my butt hole,"** Jackie says, guiding her friend's face lower. **"Here, use this vibrator on my clit while you give me a rim job."** We love a girl who knows what she wants ... especially if she brings her own vibrator.

FIT SEX TOY FOR MEN STROKER MASTURBATOR BLACK WITH 5
DISPOSABLE SLEEVES**

Slip it in back, the fifi is a versatile, no-nonsense male masturbator. Unlike other sex toys for men, the fifi doesn't need cleaning because of its disposable sleeve. After use, throw the sleeve out and you're done. It rolls as tightly or loosely as you prefer, and for added pressure you just squeeze it. For a more realistic sensation, the fifi's foam interior heats as you use it. The discreet design can stand with any environment, even though Black Back is a girth device that you want to hold (showing off). It's a functional and smart male masturbator that's better than your hand. It's simply the best male masturbator.
